FEATURES

SAVE TIME

No waiting on hold for an operator to take the booking.

BUSINESS

Automatically receive an invoice with trip details via email.

VEHICLE SELECTION

Select your required vehicle type, number of passengers and any optional extras you require quickly and easily.

PREFERRED FLEET

Select your preferred fleet when there are multiple providers.

DRIVER TRACKING

Once the driver accepts the booking, the vehicle is displayed on the map enabling you to track its location.

EASY BOOKINGS

Make an immediate booking based on your current location or pre-book for the future.

FARE ESTIMATES

Save money by requesting a fare estimate for your trip and then select the cheapest travel option. Know what the fare will be prior to your trip.

EASY PAY

Quickly pay using your registered credit card or simply pay the driver using traditional methods at the end of your journey. You can also pay separately for business travel by adding an additional credit card.

SHARE / SAFETY

Allow family/friends to track your arrival by sharing your live journey with them.
